

## 42" Round Marine Grade Polymer Raleigh Dining Table with Aluminum Frame

**Product SKU: RPKD4228**

### Description

The 42" Raleigh Dining Table has the beautiful look of a wood top but the durability and easy maintenance of marine-grade polymer. Perfect for outdoor dining because MGP is resistant to moisture, mildew, and fading. The wood grain texture is popular among many restaurants and hotels because it doesn't go out of style and pairs with most decor themes. The powder-coated aluminum frame is resistant to rust and comes in a selection of color and textured finishes. A quality dining table is essential for any dining experience and the 42" Raleigh Dining Table is the ideal choice. Proudly made in the USA.
