

The fully adjustable grate allows for the *ultimate* grilling and cooking experience. The grate height is infinitely adjustable.

The handles being well away from the heat allow you to make adjustments at any time. If you have delicately balanced items on the grill you can swing the grate either direction to change the hot spot on the grill.

When you are all done cooking, you can swing the grate completely to the side and enjoy as roaring campfire in an open fire ring!

Tilt back design allows for easy cleanup.
