## Description

Our Streetscape strap steel contour bench is as elegant and luxurious as it is robust. This bench comes in convenient sizes, 4' and 6', and includes surface mounts for added security. Its unique design features an ornate end frame and spaced out curved steel strips for a strong, comfortable support that won't accumulate water. The surface is covered with a powder-coat finish to resist rust and rot. A real eye-catcher on city streets, local parks, and historical landmarks. Give an old-fashioned look with this heavy-duty, commercial grade contour bench.
